According to the Ferry County Sheriff's report, case number 18-1-0404, on November 26, 2018, a Ferry County Sheriff's deputy observed a vehicle known to Mr. Conner. The deputy turned around to follow the vehicle and the taillights suddenly disappeared. The deputy searched the area and located the vehicle on a pile of branches near a creek. It appeared to the deputy the vehicle entered the pile of debris at a high rate of speed. It was also concluded that Mr. Conner had allegedly been driving with his lights off.

The deputy contacted a female passenger; no one else was located in the vehicle. After questioning, the female passenger identified Mr. Conner as the driver, and Mr. Conner had appeared to have eluded on foot after crashing the vehicle. Deputies searched the area after hearing branches breaking nearby, but Mr. Conner was not located.

A search warrant was signed and executed on the vehicle. In the backseat, a deputy located a small zip lock bag containing methamphetamine and a glass smoking device. Also located was a quantity of unknown black pills located inside a purse. A cell phone bill addressed to Mr. Conner, to include a cell phone that the female passenger identified as Mr. Conner's, was found in the vehicle. Synthetic urine was also found in the vehicle.

The U.S. Probation Office respectfully recommends the Court to incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court.

I declare under penalty of perjury that the foregoing is true and correct.
